

*Guess who is stronger,  
CEMTEC® or a rhino?*

**CEMTEC®** can pull back the weight of a rhinoceros...  
...and the probe will never stick in the process.

# **CEMTEC®**

## ***95% availability in 100% dust***

Real time flue gas analysis  
in the kiln and cyclone area.

- Reduce NO<sub>x</sub> to its limits
- Improve product quality
- Less fuel input
- Self-cleaning probe,  
lowest maintenance
- Delivers dust-free sample gas
